

Please follow the Instructions for Final Manuscript Preparation (buff paper) and those on this form, modified (if needed) according to the Editor's letter. Fill out and return this form with your disk(s) or CD-ROM.

MS Number

Check: Have You Saved and Labeled Your Work?

Following the Instructions for Final Manuscript Preparation, you will have named and saved your files to disk or CD-ROM and will have labeled each with the manuscript number, operating system, disk number (if more than one), your name, and the file names (if possible). This is important—we receive many disks and CDs!

List What You Are Sending

After each disk/CD has been labeled, list and describe each file below. The person preparing your manuscript will use this list; it should match what he or she finds on the disks/CD.

A. All files for Print JCE (if needed, use additional pages to list all files)		
File name	Application (Version Number) or File Type*	Operating System
abstract		__Mac __Windows
body		__Mac __Windows
tables		__Mac __Windows
captions		__Mac __Windows
references		__Mac __Windows
complete manuscript		__Mac __Windows
each structure, rxn scheme		__Mac __Windows
(over to list additional files)		__Mac __Windows
each figure and each graph		__Mac __Windows
(over to list additional files)		__Mac __Windows

* The name and version number of the application in which the file was saved; for example MS Word 6.0

B. Supplementary Material for JCE Online: combine materials into one file if possible		
File name	Application (Version Number) or File Type*	Operating System
supplement		__Mac __Windows
PDF of supplement		
(over to list additional files)		__Mac __Windows

* The name and version number of the application in which the file was saved; for example MS Word 6.0

Have Questions? Contact Us

Avoid delays! If you have questions about preparing disk files or compatible file formats, please contact us *before* sending materials. Contact Randy Wildman: email: rwildman@chem.wisc.edu • fax: 608/262-7145 • phone: 608/262-7151
